PUBLIC-SECTOR DIGITAL SYSTEMS

**When residents cannot find it
and staff cannot maintain it,
we make the system usable again.**

YRC modernizes websites, CMS platforms, document libraries, portals, dashboards, and workflows for teams that need practical execution without buying an oversized civic platform.

CORE COMPETENCIES

- **PUBLIC INFORMATION SYSTEMS**
Websites, CMS platforms, document libraries, public portals, forms, and searchable records.
- **OPERATIONAL WORKFLOWS**
Intake forms, status tracking, structured records, mobile field tools, dashboards, and reporting.
- **DELIVERY & HANDOFF**
Systems integration, discovery sprints, UX/QA audits, roadmaps, and staff training.

BEST-FIT GOVERNMENT WORK

- Website & CMS modernization for small agencies, boards, commissions, courts, and civic programs.
- Searchable document libraries for reports, agendas, minutes, policies, and public records.
- Content migration cleaning up information architecture, navigation, and publishing workflows.
- Accessibility-minded web/content QA, mobile usability review, forms, and API integrations.

KEY DIFFERENTIATORS

- **SENIOR-LED EXECUTION**
Direct principal oversight on every civic project without junior handoffs or bloated account teams.
- **PRACTICAL SCOPE CLEANUP**
Rebuild information architecture, simplify public tasks, and clean up legacy content backlogs.
- **STAFF OWNERSHIP & TRAINING**
Complete documentation, UX guidelines, and workflow training so agency teams own the system post-launch.
